

QUESTION #61

I have been studying about the Giants in Genesis. I caught the tail end of an article on TV about the island where they found their skeletons and they were huge, but I didn't catch the name of the island do you know it?

The bones of giants have been found in the Vanuatu Islands and the Solomon Islands. Some of the most famous are the giants of Guadalcanal Island, reported as having been ten feet tall.

Answer by: Wily Elder (North Miami, Florida)
